Program Objectives

Entrepreneurship Awareness Camps (EACs) are conducted by nodal agencies in each State/Union Territory of the country. The implementing agency is usually either an educational institution or a professional body specializing in entrepreneurship development.

Each Camp, of 3 days duration, is conducted in the premises of an academic institution and aims at creating awareness among students about various facets of entrepreneurship while highlighting the merits of pursuing such a career option. In each EAC, about 75 students are exposed to different aspects of entrepreneurship, including opportunity guidance, services offered by agencies of support system etc. A visit to the industries located in the region is also arranged to bring the students in direct touch with practicing entrepreneurs.

Programme Objective is to create awareness among students as well as faculty of academic institutions, offering degree/diploma courses in S&T, about various facets of entrepreneurship as an alternative career option as also to highlight the merits of pursuing such an option.

Moreover, this program also aims to bring together the experts from industries, government agencies working in the field of entrepreneurship and students of Science & Technology and Humanities in order to provide a forum for the free and fruitful exchange of ideas and information for becoming an entrepreneur.
